All District Employees have a direct impact on the landscape of Indiana. Regardless of positions held, you carry out the vision of SWCD Supervisors, Local Officials, and the Indiana Conservation Partnership. Working together each of you brings natural resource education and protection to your county and to Indiana. The IDEA doesn't want your dedication and hard work to go unnoticed. Our mission is to enhance and recognize

local conservation programs and efforts through a network which provides leadership, support, and education for its members. Your IDEA Regional Directors are here for you and they are eager to help you carry out the vision. For more information on the IDEA, its Directors and regional information, please visit:
